- AWS Certified Cloud Practitioner ⬀
- The Complete Javascript Course 2022: From Zero to Expert!
- Microsoft Certified: Azure Fundamentals
- AWS Fundamentals: Building Serverless Applications. ⬀

# PROJECTS

### CISCO U
- Built a Cisco's digital learning experience using Vue.js and Tailwind CSS which can guide learners to the right role or solution, helping them grow their skills, to accelerate their business transformation.
- Implemented Manage Licences Functionality and Manage Entitlements Functionality for Cisco U. and Cisco U Admin. Proficient in Vue3, VueJs, TailwindCSS, Storybook and Figma.

  Skills: Vue3, Typescript , TailwindCSS.

### Cisco's E-Service Training
- Developed an E-Service Training site, offering essential resources for Cisco's Third-Party Maintainer Field Engineers, referred to as 'FieldX.' Employed AWS CloudFront for efficient content distribution and AWS S3 for serving static content.
- Migrated Cisco's FieldX CI/CD from Jenkins to AWS CodeBuild and AWS CodePipeline for Orchestration.
- Implemented Recent Offering feature End to End which shows recently added Categories in the FieldX Application.
- Implemented AWS Cognito for authentication and seamlessly integrated it with Cisco's OKTA, ensuring OAUTH2 compatibility.

  Skills: Vue3, PrimeVue Components, Tailwind CSS, JavaScript, TypeScript, AWS CloudFront, AWS API Gateway, AWS DynamoDB, AWS S3, AWS Cognito, AWS Lambda, OKTA, OAUTH2, AWS DynamoDB,AWS API Gateway, TypeScript.

### Cisco E-Service Training Admin
- Build a FieldX Admin "End-to-End" Application which will perform CRUD for the management of E-Service Training Categories Contents and Products by Admin Users and Third Party Venders.

  Skills: Vue.js , PrimeVue Components , Tailwind CSS , JavaScript , TypeScript , AWS CloudFront, AWS API Gateway, AWS DynamoDB **,** AWS S3**,** AWS Cognito.
  Used: AWS CodeBuild, AWS CodePipeline for CI/CD.

### Cisco's Learning Network Space
- Effectively migrated Cisco's Learning Space documentation page from Cisco's DevNet Site to Cisco's Learning Space Application, converting markdown files to HTML and deploying the updated version in a production environment.

  Skills: HTML, CSS, JavaScript, Git, Jenkins, and Kubernetes.

### Cisco's E-Reader
- Engineered an advanced tool for Cisco's E-Reader Application, empowering users to seamlessly highlight text and add annotations.
Skills: HTML, CSS, Vue.js, JavaScript, TypeScript, and Vue3.
